

ACTIVITIES & VESSEL SPECIFICATIONS

Divers will be delighted to discover that *Plan B* is equipped for teams of professional divers doing scientific surveys and is equipped with a massive array of state of the art dive gear. Also available for cruising are 2 custom painted and upholstered 260 HP Sea-Doo GTX Limited's, 4 stand up paddle boards, 3 kayaks and Plan B's 2 custom designed 30' tenders, each of which are impressive vessels on their own. What's more, *Plan B*'s dedicated EC145 T1 Twin Turbine Helicopter, and 18' AL landing craft will be at your command as well – leaving no location, no matter how remote, out of reach. The vessel itself is equipped with zero speed stabilizers to afford smooth cruising and rock solid anchorages.

After a long day of diving and experiencing the exhilarating thrill of *Plan B*'s 60' custom-built waterslide *Plan B* offers the perfect setting in which to relax, explore or indulge. Enjoy a soothing soak in the Jacuzzi tub, unwind with a massage in *Plan B*'s on-board massage room, lounge in the sun on one of the sumptuously appointed decks, and savor top-shelf wines and beverages paired with gourmet meals prepared by a first class chef under the stars.

After dinner, turn on the electronic lights, and *Plan B*'s aft deck transforms into an ultralounge. Complete with a club sound package and DJ station your floating dance party can be anywhere in the world. More in the mood for a quiet night and movie? This marvelous space also transforms into an outdoor movie theater.

Other amenities to maximize your active guests' experience are a gym including a fully equipped Pilates studio, eight mountain bikes for exploring remote islands, and array of surf-boards (or bring your own!) should you choose Mother Nature to escort you ashore for that sunset picnic on the beach.

WHEN YOU'RE FINALLY READY TO DRIFT OFF TO SLEEP, YOU WILL RETIRE TO ONE OF 4 SPECTACULARLY FURNISHED CABINS:

- Two large cabins sit forward. Mirror images of each other, they offer elegant and comfortable accommodations. Each cabin has a king sized bed, along with two bunks ideal for kids that fold up to the wall provide additional berthing capability. Each room has a large bathroom that includes both a shower and a tub. A wall mounted telescoping TV connected to the boat wide entertainment system pre-loaded with 1000's of movies, and an integrated sound system round out the spaces.
- The 2 slightly smaller, but still very substantial cabins are able to transform from two twin beds to a single queen bed providing flexibility with accommodations. Massive bathrooms with walk in showers, large closets, wall-mounted TVs and elegant surroundings are sure to please even the most discerning guest.
